

SPRINKLER PERMIT APPLICATION

| | |
|---|-------------------|
| Project Address and/or Legal Description: | Application Date: |
|---|-------------------|

- A. Backflow device must be tested using the form provided by the Town.
- B. Two (2) copies of construction plans and specifications must be submitted by the Applicant. Work may not start until a permit has been issued pursuant to approval of this application. Permits so issued shall not be construed as authority to alter or set aside any code requirement, nor shall such issuance of a permit prevent the Building Official from thereafter requiring correction of errors in plans or in construction, or of violations of codes or ordinances.
- C. Spray heads are not allowed in areas less than four foot in width. Drip irrigation is required in these areas.
- D. Rain and freeze sensors must be installed on all irrigation systems.
- E. Permits shall become invalid if work is not commenced within six (6) months after issuance, or work authorized by such permit is suspended or abandoned for a period of six (6) months or longer after work has commenced.
- F. Inspections are to be requested as needed during work. A final inspection must be done after backflow device has been tested and proof submitted to the building department.
- G. Please check your deed restriction requirements before building, as they are not regulated by the Town.

There will be a \$50 charge per inspection for reinspections.
